

INSTALLATION GUIDE PIXERA DEMO VERSION

- STEP 1: Download the PIXERA Demo Version from our website (www.AVstumpfl.com/PIXERADEMO)
- STEP 2: Install the PIXERA software on your computer, at this point you will receive a unique serial number.
- STEP 3: Go to our website, now please fill in the form including the serial number (www.AVstumpfl.com/PIXERADEMO)
- STEP 4: You'll receive your licence code as soon as we have approved your request
- STEP 5: Go back to PIXERA and enter the licence code
- STEP 6: HAVE FUN testing our PIXERA software

The image shows two parts of the PIXERA software interface. On the left is a 'Please Enter License Code' dialog box. It contains a message about USB dongles, a 'Serial Number (Local System Fallback)' field with the value 'XXXX XXXX XXXX' (highlighted with a yellow box and a '1' in a yellow circle), and a 'License Code' field (highlighted with an orange box). Below these are 'Status' and 'Copy Code Request to Clipboard' sections. On the right is a 'Please fill in' registration form with fields for Company*, Salutation* (Mrs.), First name*, Last name*, Serial Number* (with a '1' in a yellow circle), Email*, Website, Phone*, Country*, and a 'Subscribe to Pixera Newsletter' section with 'Yes' and 'No' radio buttons. At the bottom is a captcha section with the text 'Please write the result of the two values from the image into the box: Captcha*' and an image showing '14 + 10'.

Please note that while you are welcome to post technical questions in the official PIXERA user group on facebook, we would appreciate it, if you were also able to post in our technical forum as well.
